

Mr. Bissell:

The attached report is the answer to your questions sent in DIR-6907 of 15 December which was in response to our [REDACTED]-84712.

There is much more to this report. The Lt. did a series of maps and drawings of radar installations, anti-aircraft installations etc -- this, however, was not ready by time I left [REDACTED] and was actually too bulky anyway for me to carry. They are finishing these and reproducing them and [REDACTED] will bring them with him. He is due to leave [REDACTED] this Friday.

The answers to the second series of questions will be forthcoming later.

If there are any other questions, I will be in town until about January 5 - or if there is anything you would like me to carry back at that time, please give me a call at home: [REDACTED]
